

**PENETAPAN PAPER TERPILIH UNTUK PRESENTASI ORAL
SEMINAR INTERNASIONAL INAFOR 2011**

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
1.	Avry Pribadi (Form belum)	Pest and Diseases Attacked on Cadamba (<i>Anthocephalus cadamba</i> Miq.) Plantation At Riau Province	avrypribadi@yahoo.com
2.	Sigit Nugroho (08194061320) (Form belum)	Topik : Forest Assessment and Modelling Judul Abstrak : Study of Forest Degradation Detection Method Using Landsat Satelite Imagr To Support MRV REDD in Halimun Salak National Park	sigit_nugroho_ssi@yahoo.com
3.	Proyoto, S. Hut, MT. (Form belum)	Analisis kebakaran hutan dan lahan di Provinsi Riau berdasarkan penggunaan lahan untuk mitigasi bencana asap	mrpray2000@gmail.com
4.	Dr. Ir. Budi Leksono, M.P. (081227017802)	Tree improvement for <i>eucalyptus pellita</i> : Investigation on the results of first generation genetic improvement across the two generations of breeding with seedling seed orchard in indonesia	boedyleksono@yahoo.com
5.	Dr. Maman Turjaman (081319825502)	Application of Artificial Propagation to Sustain Agarwood Tree Species in Mixed-Species Plantation in Indonesia	turjaman@gmail.com turjaman@forda-mof.org turjaman@yahoo.com.sg
6.	Dr. Nur Semedi	Strategy of Mountain Forest Region Management : Case Study at Dieng Mountain, Central Java, Indonesia	
7.	Dr. Wahyudi (081521560387)	Evaluating the Ideal Silvicultural System for Production Natural Forest Management	

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
8.	Dr. Subyakto (08129040658)	Utilization of Sisal (Agave Sisalana) Micro Fibers as Reinforcement in Polypropylene or Polylactic Acid Biocomposites	subyakto@biomaterial.lipi.go.id
9.	Yanto Rochmayanto, S.Hut.,M.Si. (081365205470)	Enhancing Carbon Stock and Economics Potency for REDD+ Activity on Oil Palm-Eaglewood Agroforestry System	yrochmayanto@yahoo.co.id .
10.	Drh. Amir Ma'ruf, M.Hum. (08125467706)	Medicinal Properties of Bornean Orangutan Food Plants in Gunung Beratus East Kalimantan, Indonesia	drh.aimrmaruf@yahoo.com
11.	Ishak Yassir and Arbainsyah (Form belum)	Diversity of plant communities upon secondary succession in <i>Imperata</i> grasslands of East Kalimantan, Indonesia	
12.	Didik Suharjito	Integrating Community Forestry And Forest Products Based-Rural Industrialization For Enhancing Rural Community Welfare And Sustaining Forest Resources	dsuharjito@gmail.com
13.	Dr. Wahyu Dwianto, M. Agr. (085715063985)	Development of Close System Compression Hot Press Machine	wahyudwianto@yahoo.com
14.	Andy R. Mojiol, PhD. (+60128235591/+6088320118)	Mangrove Forest Contribution And Sosio-Economy Development Of Local Communities In Kudat District, Sabah Malaysia	rmojiol@yahoo.co.uk
15.	1. Prof. Dr. Ir. Abdul Rauf, MP 2. Dr. Rahmawaty, S.Hut, M.Si (061 - 8213236) Fax. 061 - 8211924	Using Rubber Plantation Sidelines for Forest Trees Cultivation in Gunung Leuser National Park (TNGL)	a_rauf_soil@yahoo.com or a.rauf1@usu.ac.id rahmawaty1974@yahoo.com or rahmawaty@usu.ac.id
16.	Susan T. Salosa	Vulnerability of Mountains People of Papua to the Climate Change	

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
17.	Ujang Suwarna	<ul style="list-style-type: none"> Change of Biomass and Carbon of Necromass in Tropical Peat Forest of Indonesia 	
18.	Noviana Khususiyah, Subekti Rahayu, Tonni Asmawan dan Suyanto	Carbon and Watershed Function as Conditionality for Community Forestry (Case study in Sesaot Lombok)	n.khususiyah@cgiar.org
19.	Erry Purnomo, Ph.D. (081251159331)	Companion Plant System: a Strategy To Grow Trees on An Extreme Soil	Erry_purnomo@telkom.net
20.	Nurul Silva Lestari ¹ and Adi Susilo ²	Species Richness and Composition of Vegetation In Logged Over Forest PT. BFI Sotek, East Kalimantan	
21.	1. ILG. Nurtjahjaningsih 2. AYPBC. Widyatmoko	Mating system of <i>Calophyllum inophyllum</i> at three different forest types	
22.	Mohamad Anis Fauzi (0274 895954/ F : 02274 896080)	Genetic Variation on Combination of Provenance Trials And Progeny Test From 36 Month of <i>Araucaria cunninghamii</i> In Bondowoso-East Java	giant_anies@yahoo.com
23.	Endri Martini and James Roshetko	Aren (<i>Arenga pinnata</i>) traditional non timber forest product management system in Batang Toru Orangutan Habitat, North Sumatra and Tomohon, North Sulawesi, Indonesia	endri_martini@gmail.com
24.	Liliana Baskorowati	Susceptibility Provenances of <i>Falcataria moluccana</i> to Gall Rust Determined by Disease Severity and Disease Incidence	ibaskorowati@yahoo.com

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
25.	Silvi Nur Oktalina, S.Hut, M.Si.	Livelihood Strategies of The People to Climate Change (Case Study in Gunung Kidul Regency)	
26.	Virni Budi Arifanti	Application Of Ipcc Guidelines In Meru Betiri National Park For Estimating REL	ybudia@yahoo.com
27.	Retno Maryani, M.Sc	Landscape Management Approach: An Institutional Challenge to Sustain Forests in Indonesia	Retno Maryani@hotmail.com
28.	Dr. Yayat Hidayat, MSi. 08122381997	Evaluasi Variasi Genetik Tanaman Surian (<i>Toona sinensis</i> Roem) Pada Populasi Uji Keturunan Dengan Menggunakan Marka RAPD (Evaluation of Genetic Variation of Surian (<i>Toona sinensis</i> Roem) in Progeny Test Using RAPD Marker)	yayat@sith.itb.ac.id
29.	Vivi Yuskianti	Development of three molecular markers for genetics studies in Sengon (<i>Paraserianthes falcataria</i>).	vivi_yuskianti@yahoo.com
30.	Rina Laksmi Hendrati,	BREEDING STRATEGY OF <i>Acacia auriculiformis</i> FOR WOOD ENERGY	Rina.l.hendriati@gmail.com
31.	Nina Mindawati	SITE QUALITY OF <i>Eucalyptus urograndis</i> Industrial Plantation Forest in Sustainable Forest Management	ninapulp@yahoo.co.id
32.	Faiqotul Falah (Form Belum)	Effectiveness of the Institution on the Forest Seed Source Certification : Case Study in East Kalimantan and South Kalimantan	fikeren3@yahoo.com
33.	Sitti Fatimah Syahid , Cheppy Syukur, N.N. Kristina and J. Pitono	Yield Stability Of Turmeric Promising Lines (<i>Curcuma Domestica</i> Vahl.) On Different Agroecology	ifa_sy@yahoo.co.id

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
34.	HASNAWIR ¹	Early warning of rainfall-induced landslides and debris flows in Mt. Bawakaraeng of South Sulawesi, Indonesia	<i>wirforest@yahoo.com</i>
35.	Titiek Setyawati, Atok Subiakto, Ragil Irianto and Soekisman Tjitrosoedirdjo	Biodiversity conservation: Do we Really Need To Introduce An Exotic Species?	titiek29@yahoo.com
36.	Riskan Effendi, Nina Mindawati and A.Syaffari Kosasih	The Influence of Pruning on the Growth of <i>Shorea stenoptera</i> Burck At KHDTK Haurbentes, West Java, Indonesia	riskan51@yahoo.co.id
37.	Yuliati Indrayani ¹⁾ , Gustan Pari ²⁾ , Arnest Ben Gurion ¹	Structure and quality of medium density fiberboard (MDF) made from agricultural fiber	mandaupermai@yahoo.com
38.	Emi Roslinda, Yuliantini	The Economic Value of Hydrological Services in Mendalam Sub Watershed, Kapuas Hulu, West Kalimantan, Indonesia	e-mail : eroslinda71@gmail.com www.fahutan-untan.com
39.	A. Hidayat S. Tachibana	Characteristic of polylactic acid (PLA) / Kenaf Composites degradation by <i>Pleurotus ostreatus</i>	ashephidayat@yahoo.com
40.	Irfan B . Pramono Nining Wahyuningrum	The Influence of Teak Forest on Groundwater Fluctutation at Cepu, Central Java	
41.	Dona Octavia	Soil Fertility Status of Sloping Land of Cassava Cultivation in Protected Areas at Mount Muria	<i>dona_ksh32@yahoo.com</i>
42.	Tyas Mutiara Basuki and Nining Wahyuningrum	The Potential of Remote Sensing to Assess Carbon Stock of Pine Forest: An Evaluation - The Role of Pine Forest to Mitigate Carbon Dioxide in The Atmosphere	

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
43.	Retno Widiastuti	Study In Bamboo Weaving Small Medium Industry Resources Area Manegement At Moyudan Sleman	retnowidiastuti@yahoo.com
44.	Baharinawati W. Hastanti Hasanu Simon	Evaluation of Sustainable Forest Management: Review of Forest Management of Teaks (Case Study at KPH Mantingan, Central Java Province	
45.	Relawan Kuswandi	Treatment Influence Toward Stand Yield on IUPHHK PT Tunas Sawaerma PUP (Permanently Mearable Plot)	
46.	B.A. Suripatty	Enrichment Planting study on Log Over Areain Papua and North Maluku NATuran Forest using Local Species	heriansyah.forda@gmail.com
47.	AYPBC Widyatmoko & ILG. Nurtjahjaningsih	Genetic diversity of <i>Michelia champaca</i> seed source in Lahat, South Sumatera: Implication for the Seed Source Management (abstrak belum ada)	
48.	Wayan Darmawan, Christian Gottlober, Michael Oertel	Development of a New Design of Helical Edge Milling Cutter for Planing Wood	
49.	Hireng Ambaraji	Effect of Seedling Age and Degree of Inundation on the Growth of <i>Rhizophora mucronata</i> Lamk. At the Mangrove Ecotourism of Angke Kapuk, North Jakarta.	
50.	1. Tri Sayektiningsih 2. Yaya Rayadin	Nest Density and Charateristic of Orangutan (<i>Pongo pygmaeus morio</i>) in Buffer Zone of Kutai National Park, East Kalimantan	
51.	Purwanto Budi Santosa ¹	Long term effect of site preparation on the growth of Balangeran (<i>Shorea balangeran</i>)at Over Burnt Peat Swamp Forest, Central Kalimantan	purwanto_budisantosa@yahoo.com
52.	Murniati, Sri Suharti	Dinamic of Social Forestry Implementation in Forest Management and Rehabilitation in Indonesia	
53.	Imam Wahyudi	Quality Assessment of 6 Year-old Mangium (<i>Acacia mangium Willd.</i>) Wood from Plantation Forest Area based on Its Fiber-length and Some Physical-Mechanical Properties1	imyudarw@yahoo.com

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
54.	Arif Nuryawan ¹	Physical and Mechanical Properties of Bamboo Particle Board	arifnury@yahoo.com
55.	Zulfahmi	Chloroplast DNA Distribution of <i>Shorea Leprosula</i> , Miq In Indonesia Revealed By Microsatellite Markers	
56.	Dr. Niken Sakuntaladewi	Transforming Knowledge Into Action For Sustainable Adaptation	n.sakuntaladewi@yahoo.com
57.	Dony Rachmanadi, Sudin Panjaitan, Aditia Noor Robby	Preliminary results the effect of ameliorant and plant media on growth of <i>Dyera polyphylla</i> ((Miq.) v. Steenis) at nursery	
58.	Nur Arifatul Ulya	Analysis of Linkages and Impact of Illegal Logging on Economics Sectors in Indonesia	
59.	Dwiko Budi Permadi	A Temporal Pattern of Teak Theft to Review PHBM Effectiveness in KPH Madiun, 2002 - 2008	dwikopermadi@yahoo.com
60.	Wesman Endom	Engineering Design of Appropriate Forestry Equipment to Accelerate in Supporting th Efforts of Forest Improvement and Its Value Added	
61.	Ellyn K. Damayanti	Characteristics of households as drivers for forest transition: Case study in Bhagdevi CFUG, Chitwan District, Nepal and LMDH Galang Taruna, Ciamis District, Indonesia	
62.	Hani Sitti Nuroniah	Conversion of AFLP marker to sequence specific PCR marker in <i>S. leprosula</i>	
63.	Agus Kholik	Effect of Local Sites to Wood Quality of <i>Shorea parvifolia</i> Dyer	gus_lik@yahoo.com

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
64.	Happy Widiastuti ¹⁾ and Tati Rostiwati ²	The effectiveness of bioorganic fertilizer of sludge of pulp industry to improve growth and nutrient status of plants and edible mushroom production	happywidiastuti@yahoo.com
65.	Murniati	GROWTH AND PRODUCTION OF PORANG (<i>Amorphopallus oncophillus</i>) UNDER DAMAR (<i>Agathis borneensis</i>) STAND	murniati@forda-mof.org
66.	Neo Endra Lelana, S.Si., M.Si. Agus Ismanto, Drs	Use of Neem Extract to Control <i>Eurema Blanda</i> a Major Pest of <i>Falcataria moluccana</i> on Laboratory Scale	Neo_3l@yahoo.com
67.	D. Martono	The Efficient of Rubber Wood Process Technology	
68.	Arief Sabdo Yuwono, Allen Kurniawan and Rofie Fatimah	A Quantitative Approach on The Role of Urban Forest in a Local Carbon Cycle	Correspondent E-mail: arief_sabdo_yuwono@yahoo.co.id
69.	Ika Heriansyah	SILIN: RISK AND OPPORTUNITY	heriansyah.forda@gmail.com
70.	Imam Wahyudi ¹⁾ , Futoshi Ishiguri ²⁾ , Kazuko Makino ²⁾ and Yuya Takashima ²⁾	Relationship between Growth and Wood Properties in <i>Agathis</i> sp. Planted in Indonesia	
71.	Syamsul Falah, Sulistiyani	The Potency of Mahogany (<i>Swietenia macrophylla</i>) Bark as a Hypercholesterolemia-preventing Agent in White Rats	syamsulfalah@yahoo.com
72.	Eliyani	Teak Model Aprocess -based model of fast growing teak growth and production	
73.	Enny Widyati	Paper Mill Sludge as Soil Ameliorant to Enhance Land Rehabilitation in Indonesia: Prospects and Limitation	enny_widyati@yahoo.com

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
74.	Baroroh Wista Anggraeni	Scaling Factors : Model for Estimation of Total Biomass in Tropical Rain Forest	
75.	Sri Sunarti	An improved Anther Method to Increase Seed Production of <i>A. mangium</i> x <i>A. auriculiformis</i> Hybrid in the Hybridizing Orchard "	
76.	Sulistya Ekawati, Hariadi Kartodihardjo. Dodik Ridhonurrochmat, Hardjanto dan Haryatno Dwiprabowo	Discourse Analysis in Policy Making Process of Decentralized Management of Protected Forest	
77.	Eny Faridah	Expression patterns of phosphate transporter gene <i>EcgPT</i> is associated with the salt stress response in perennial eucalypt tree hybrid clones	e-mail address: enyfaridah@ugm.ac.id
78.	Tri Atmoko	Conservation of Proboscis Monkey and Their Isolated Habitat in Kuala Samboja, East Kalimantan	e-mail: triad_164@yahoo.com
79.	Farah Diba	The Effect of Temperature and Compression Time on Physical, Mechanical and Durability Properties of Pulai (<i>Alstonia scholaris</i> (L) Robert Brown) Densified Wood	farahdiba1611@gmail.com
80.	Yulianti Bramasto ¹ , Dida Syamsuwida ¹ , Agus Astho Pramono ¹	Genetic Diversity, Flowering Phenology And Seed Production Of Mindi (<i>Melia azedarach</i> L.) In The Community Forest In West Java	yuli_bramasto@yahoo.co.id
81.	Dani Sulistiyo Hadi and Eritrina Windyarini	Phytochemical and Antibacterial Properties of Gewang (<i>coryphautanlamk.</i>) Fruits and Roots	

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
82.	Dani Sulistiyo Hadi and Siswadi	Al-Metal Levels on Leaves, Bark, and Root of Two Loba Species: Loba Wawi (<i>Symplocos fasciculata</i> Zoll.) and Loba Manu (<i>Symplocos chochichinensis</i>)	
83.	Laura Flowrensia dan Noor Farikhah Haneda (08197585911)	Response of Stemborer Growth on Artificial Diet	
84.	Sujarwo Sujatmoko	Improvement Technique of Traditional Lac Culuture in East Sumba, East Nusa Tenggara	
85.	Andianto	A Review of Medicinal Trees species in Indonesia : The Natural Chemical contents of trees and Existence of six medicinal trees species	
86.	Teguh Setyaji	Genetic Stability of <i>Acacia mangium</i> in The Second Generation (F2) Seedling Seed Orchards Established at Two Location in Sumatera and Kalimantan	
87.	Andi Detti Yuniarti	Radial Variation in Fiber Dimension and Nanostructure of Clone Teak in Different Spacing	
88.	Melya Riniarti (081272516503)	Genetic Conservation and Tree Improvement Colonization Dynamics of Three Ectomycorrhizal Fungi <i>Scleroderma</i> spp. and Their Relationto Host Plant Growth	
89.	Iwan Risnasari dkk	Physical And Mechanical Properties Of Composite Board Made From Waste-Oil Palm Shell and Recycled Plastics	
90.	Krisdianto, Jasni and Ratih Damayanti	The Effect of Microwave Pre-Treatment for Rattan Drying	Krisdianto_shut@hotmail.com

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
91.	Sarjiya Antonius, Nur Laili, Dwi Agustyani	Great potential of microbial isolates of forest ecosystem in Malianu-East Kalimantan as bio-fertilizer and bio-control agents	sarj.antonius@gmail.com
92.	I.M. Sulastiningsih ¹ , Yekti Fridhian Saputra ² dan Ade Iskandar ²	Some Properties of Particleboard Made From Empty Fruit Bunches (Efb) of Oil Palm (<i>Elaeis Guineensis Jacq.</i>)	tsulastiningsih@yahoo.co.id
93.	Jasni, Ratih Damayanti and Jack Norton	Portable Demonstration Plant for Timber preservative treatment	Ratih-Damayanti@forda-mof.org , ratih_turmuzi@yahoo.com
94.	Ratih Damayanti and Sri Rulliaty	Anatomical Structure and Fibre Quality of Least Known Timbers Belongs to Bignoniaceae from Indonesia	Ratih-Damayanti@forda-mof.org , ratih_turmuzi@yahoo.com
95.	Tati Rostiwati, I Wayan Widhiana dan Yeti Heryatti	Successful Sandalwood (<i>Santalum Album</i>) Plant with Some Cropping Pattern in The Critical Land, Nusa Penida Island, Bali Province	
96.	Efrida Basri	Drying Problems of Small Enterprises in Indonesia and Possible Solutions: Case Study in Jepara Region	denvig@yahoo.com
97.	Nanang Masruchin, Subyakto	Cellulose-based Nanotechnology: Synthesize, Characterization and Application in Composite Materials (A Review)	masruchin@biomaterial.lipi.go.id

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
98.	Dodik Ridho Nurrochmat*, Tatang Tiryana	Deconstruction of carbon offsetting schemes and rebuilding integrated approach for environmental services in forest management	dnrochmat@yahoo.com
99.	Mohammad Muslich ¹ & Sri Rulliaty ¹	Durability Of 50 Indonesian Wood Species Preserved With Ccb Against Marine Borers Attack	mohammad_muslich@yahoo.co.id
100.	Ika Wahyuni	Dimensional Stability of Resin Impregnated Sengon Wood (<i>Paraserianthes falcataria</i> (L) Nielsen) Prior to Compression	
101.	Sukma S Kusumah	Feasibility Study of Composite Board from Waste of Sago Plantation	sukma.surya@biomaterial.lipi.go.id
102.	Noor Rahmawati, S.Hut. M.Si	Application of Wood Vinegar As A Natural Wood Preservative	rahmawati@sith.itb.ac.id
103.	Gunardjo Tjakrawarsa	Growth response of kesambi (<i>Schleicera oleosa</i> , <i>Lour oken</i>), Bayur (<i>Pterospermum javanicum</i> Jungh), and Jukut (<i>Eugenia Polyantha</i>) in KHDTK Rarung, Lombok Tengah in overcoming a hard competition to Alang-Alang (<i>Imperata cylindrica</i> L Raeuschel)	
104.	Rozza Tri Kwatrina, Alfonsus H. Harianja, Wanda Kuswanda	The Model of Commercial Deer (<i>Rusa unicolor</i>) Farming in Lake Toba Catchment Area	
105.	Mohammad Wijaya ¹ ., Erliza Noor ² , Tun Tedja Irawadi ³ , Gustan Pari ⁴	STUDY THERMODYNAMIC BASED PYROLYSIS PROCESS FROM WOOD AND BAMBOO WASTES	wijasumi@yahoo.com
106.	Paimin Sukartana	Biological Habit of Wood Destroying Insect and Its Relation to Environmentally Friendlier Control	
107.	Andi Vitra and Sofian Iskandar	Daily Activities Of Released Silvery Gibbon Pair At Patiwel Forest, Gunung Gede-Pangrango National Park; A Preliminary	

NO.	NAMA PARTISIPAN	JUDUL TULISAN	E-MAIL
		Study	
108.	Mudji Susanto	Wood property variation in third generation (F-3) of Progeny Trial of <i>Acacia mangium</i> in South Sumatra, Indonesia	
109.	Efi Yuliati Yovi	Participatory safety and health protection: noise impact test instrument	
110.	<i>Elis Nina Herliyana</i>	<i>Biological Control to Protect Sengon Seedling from Ganoderma Attacking</i>	

Bogor, 24 November 2011
Tim Seleksi Naskah
Ketua,

ttd

Dr. Achmad Fauzi Mas'ud
