

**POSTER PRESENTATION YANG LULUS SELEKSI  
UNTUK INAFOR 2011**

No.	Nama	Judul
1	Dr. Nur Sumedi	Lessons Learnt From Certified Small Scale Private Forest in Selopuro Village, Wonogiri, Central of Java
2	Hunggul Yudono	Microhydro : Green Energy From Forest Area Enhancing Better Relationship Between Forest and People
3	Rahmawaty, Ph.D	Landslide Hazard Mapping To Support The Handling of Landslide Hazard In the Upstream Deli Watershed
4	Ibnu Hajar	Phytochemical Analysis and Habitat of Akar Kuning ( <i>Coscinium fenestratum</i> ) in East Kalimantan
5	Oki Hidayat, S.Hut.	The Study of IBA, BAP and Kinetin Hormones Usage Towards The Growth of Aloe ( <i>gyrinops versteegii</i> (gilg) domke)
6	Ir. R. Syamsul Hidayat, M.Si	Review of Forest Community Food Security System Based on Local Wisdom
7	Asri Insiana Putri, Ir. MP.	Somatic Embryogenesis Induction in Suren Merah ( <i>Toona sinensis</i> ) Micropropagation
8	Ujang Suwarna	Tiger and Timber: How Can Be Sustainably Managed By Enforcing Environmentally Sound Forest Operations
9	Tien Wahyuni, Ismayadi S.	Potential Indonesian Forest Plants for Ornamental in Urban Areas

No.	Nama	Judul
10	Sandhi Imam Maulana	Allometric Equations for Estimating Aboveground Biomass in Papua Tropical Forests
11	Eva Achmad, S.Hut.,	Peat Swamp Forest, Remote Sensing and Climate Change
12	Yosefin Ari Silvianingsih	IDENTIFICATION OF TERMITES ATTACK IN EAST BARITO REGENCY CENTRAL KALIMANTAN
13	Tri Wira Yuwati, S.Hut.,M.Sc.	Towards collaboratively-managed protected area in Indonesia: The case of Sebangau National park, Central Kalimantan
14	Triyono Puspitojati	Agroforestry Forest Estate: Whole Rotation Social Forestry
15	A. Syaffari Kosasih and Riskan Effendi	Increasing The Welfare Of Community Arround Forest Through Production Forest Multi Function Models
16	Hesti L. Tata <i>et al</i>	Rapid Agro-Biodiversity Appraisal: a Tool to Assess Biodiversity Value in the Rewards of Environmental Services
17	Rahman Kurniadi	Strategies For Developing Private Forests Around Laiwangi Wanggameti National Park In Sumba Timur District
18	Rina Kristanti	Assesment and Development Scheme of Coal Mining Reclamation in Production Forest in Indonesia
19	Nining Wahyuningrum and Tyas Mutiara Basuki	A Potential Integration of Land Suitability Analyses and Forest Mensuration To Predict Timber Yield
20	Anto Rimbawanto & AYPBC Widyatmoko	Log Trackinnng Merbau ( <i>Instia bijuga</i> ) using DNA markers: strategy and research status

No.	Nama	Judul
21	Wanda Kuswanda	Forest Management Strategy in Batang Toru Watershed, North Sumatra
22	Cut Rizlani Kholibrina and Aswandi	The Tree Improvement and Development Strategy fo Kemenyan ( <i>Styrax sumatrana</i> )
23	Cut Rizlanni Kholibrina and Cica Ali	Increasing Productivity of Frankincense Gum Through Establish Provenance Seed Stands of <i>Styrax sumatrana</i>
24	Ardiyanto W. Nugroho	Vegetation Structure and Species Composition of Peat Swamp Forest in Habaring Hurung Resort, Sebangau National Park, Central Kalimantan
25	Emma Soraya	Enhancing Permanent Sample Plots System in Indonesian Forest Resource Management
26	Ambar Kusumandari	The Use of ANSWERS Model for Predicting Erosion and Sedimentation Rates In Keduang SubWatershed
27	Dono Wahyuno	<i>Puccinia meibomiae</i> (Uredinales) of <i>Erythrina crista-galli</i> in Indonesia
28	M. Wardani & T. Setyawati	MEDICINAL PLANTS OF PANGELEKAN COASTAL FOREST, CIAMIS, WEST JAVA, INDONESIA
29	Aneka Prawesti Suka	Tenure Identification as a Starting Point of REDD+
30	Asep Ayat and Hesti Lestari Tata	Bird Diversity in Rubber Estate Plantations and Their Surroundings
31	Desriani, Wiwit Amrinola, Neneng hasanah, Rivai	Potential of Cibinong Science Center Area as a Source of Fungi Producing Cellobiose Dehydrogenase
32	Edy Junaidi and Mohamad Siarudin	THE ROLE OF FOREST COVER IN A WATERSHED AREA IN PROVIDING ENVIRONMENTAL SERVICES

No.	Nama	Judul
33	Tri Wira Yuwati et al	Response of Kapur Naga ( <i>Callophyllum soulattri</i> ) seedlings to arbuscular mycorrhiza inoculation in the nursery
34	M.Yamin Mile and Encep Rahman	The Deveopment of Calophyllum Inophyllum Based Forest Plantation In Coastal Areas As Source of Potential Biofuel Energy to Support Sustainable Forest Management
35	Yelnitis	Optimation of somatic embryosformation of Shorea pinanga through suspension culture
36	Eritrina Windyarini et al	Pest and Diseases attack of Nyamplung seedlings in the nursery
37	Titi Kalima and Jasni	Identification for some rattan species on region of forest Ingkwosi District of Manokwari Regency
38	Tiara Esti Ardi	STUDI ETNOFITOMEDIKA SUKU DAYAK KANAYATN (STUDY OF ETNOFITOMEDIKA IN DAYAK KANAYATN ETHNIC)
39	Dr. Prijanto Pamoengkas	Development Silvicultural System Based on the Recovery Knowledge for Maintenance of Forest Complexity in Central Kalimantan
40	Agustinus Kastanya	Community Management of Nutmeg-Based ( <i>Myristica sp</i> ) Agroforestry in Moluccan Archipelago
41	Ady Suryawan	DIVERSITY AND POPULATION SPECIES OF EUPHORBIACEAE FAMILY IN TANGKOKO NATURE RESERVE, OF NORTH SULAWESI
42	Yuki Mahardhito, S.Hut MSi	Sustainable Forest Management Certification Model For State Forest Development

No.	Nama	Judul
43	Rachman Effendi	The Development Scenario of Jepara Furniture Industry
44	Budi Hadi Narendra	Nusa Penida Critical Land: The Characteristics and Potential for Rehabilitation
45	Diah Irawati Dwi Arini	The Traditional Use Of Woka Palm ( <i>Livistona rotundifolia</i> Mart.) As Non Timber Forest Product In North Sulawesi
46	Lailan Syaufina	Peatland Degradation In Indonesia: Contribution To Climate Change And A Challenge For Rehabilitation
47	Leonard Goeirmanto	Simulation of Mangrove Growth Prediction to Encourage Student's Care
48	Sutiyono et al	EFFECTIFNESS UTILIZATION OF SIX SPECIES BAMBOO AS CHOPSTICKS RAW MATERIAL
49	Prastyono, S.Hut., M.Sc.	<i>Genetic Diversity of Four Populations of Arenga pinnata MERR Revealed by Isozyme Markers</i>
50	Harti Ningsih and Subekti Rahayu	Landscape mosaic as a management system on conserving Dipterocarp species
51	Purnamila Sulistyawati	Assesing FTA cards for DNA capture from different types of fungal material
52	Toni Herawan	Growth and proliferation of embryogenic callus of sandalwood
53	Sutiyono	THE INITIAL GROWTH OF BAMBU BITUNG (DENDROCALAMUS ASPER BACK.) PLANTATION DERIVED FROM WILDLING ONE YEAR AFTER PLANTING AT TANJUNGAN FOREST RESEARCH STATION, SOUTH LAMPUNG

No.	Nama	Judul
54	Tri Maria Hasnah dan Budi Leksono	GENETIC VARIATION OF SEEDLING GROWTH, NITROGEN AND CHLOROPHYLL CONTENTS BETWEEN PROVENANCES/LAND RACES OF NYAMPLUNG IN JAVA
55	Ir. Mashudi, M.Sc.	A Breeding Strategy of Pulai ( <i>Alstonia scholaris</i> ) for Wood and Non Wood Production
56	Siswadi, S.Hut. , Grace S. Saragih and Kayat	Enrichment Planting Technology in Timor Deer ( <i>Rusa timorensis timorensis</i> Blainville 1822) Captive Breeding with Mini Ranch System in Semi Arid Land
57	Harmastini. S	Application of Seed Encapsulation Technology for Critical land reforestration
58	Sumardi	Phenology Study And Intensity of Flowering of <i>Santalum album</i> Linn. In West Timor
59	Yuyu Rahayu	Wood Traits And Growth Strategies of Dry Tropical Forest Trees Species
60	Ari Fiani dan Yuliah	Sandal wood ( <i>Santalum album</i> ) foliage morphological variation of various provenances
61	Dr. Sudarmono	Structure and Composition of Vegetation In Northern Part of Mount Gede And Their Implication for Conservation
62	Dr. Dede Rohadi	Strategies For Sustaining Sandalwood Resources In East Nusa Tenggara - Indonesia
63	Wahyudi dan Sudin Panjaitan	Wood Quality of <i>Peronema Canescens</i> And <i>Paraserianthes Falcataria</i> on Community Forest at Balangan District, South Kalimantan
64	Siswadi, Dani S. Hadi and	The use of Natural Dye Plants in East Nusa Tenggara

No.	Nama	Judul
	Soenarno	
65	Hery Kurniawan Dhany Yuniati	<i>Eucalyptus alba</i> Allometric Equation Establishment in Timor Island to Develop Data Accuracy of Carbon Sink Measurement
66	Muhammad Zanzibar and Agus Astho Pramono	Pemanfaatan Iradiasi Sinar Gamma ( <sup>60</sup> C) untuk meningkatkan produktivitas hutan rakyat
67	Sukadaryati and Dian Anggraini Indrawan	Wood Stump: Harvesting Technique and Chemical Properties
68	Jasni et al	Simple Preservative Treatment of Four Wood Specis for Small And Medium Furniture Industries
69	Wesman Endom et al	The Experience Of Using Cable System for Timber Extraction on Steep Slopes And Unstable Forest Soil
70	Rachman Effendi et al	Nyamplung: Opportunities and Challenges of Alternative Energy Development of Forestry Sector
71	Iis Alviya et al	Stakeholders Perception of Watershed Management An Analysis of Tulang Bawang Watershed
72	Gusmailina	The Potential of Charcoal/Biochar As Biocondisioner to Increase The Productivity of Land And Plants With Additional Carbon Offset to Reduce Co2 Emissions
73	Julianus Kinho	Four Types of New Record for Diospyros in Tangkoko Nature Reserve in North Sulawesi
74	Rina Bogidarmanti	The Influence of Various Kinds of Growth Medium And Shading to The Growth of Seven Month is Old of Manglid ( <i>Manglietia Glauca</i> Bl) Seedlings
75	M. Charomaini Z.	The Need To Conserve Mosaic Bamboo in Indonesia

No.	Nama	Judul
76	Yelin Adalina	The Use of Aren Plant ( <i>Arenga pinnata</i> Merr)by Communities at Adjacent Area of Halimun Salak National Park
77	Ryke Nandini	STUDY OF TRADITIONAL AGROFORESTRY SYSTEM IN WEST NUSA TENGGARA : FINDING THE ALTERNATIVE OF DA REDD BASED ON CARBON STOCKSSITE
78	Ismatul Hakim	Forest Villages Development : The Alternative of Agrarian Reforms OnThe Degraded Forest Land
79	Yuli Lestari, M.Env	Key Factors and Lesson Learnt from the Success of Wain River Protection Forest in Balikpapan East Kalimantan
80	Sri Rahayu	POPULATION GENETIC STUDY ON <i>Hoya purpureofusca</i> IN GUNUNG GEDE PANGRANGO NATIONAL PARK BASED ON RAPD Markers
